**Subject: GST Rate Change on Pharma Products w.e.f. 22.09.2025**

Dear Trade Partner,

As per the press release dated 3rd September 2025 issued by the Ministry of Finance, during 56th GST Council meeting, the GST rate for our product portfolio is enclosed.

**1. Input Tax Credit (ITC)**

- You will continue to be eligible to claim full ITC on stocks purchased at the earlier higher GST rates.
- There may be a slight delay in utilizing the ITC due to the lower output tax, but no financial loss will occur.

**2. Pricing Changes**

- Revised MRP enclosed based on government guidelines to pass on the GST benefit to consumers.
- PTS and PTR will remain unchanged.

**3. System & Billing Update**

- Please ensure your billing systems are updated as per enclosed price list w.e.f. 22<sup>nd</sup> September 2025.

**4. Supply Chain Continuity**

- We recommend maintaining regular purchase cycles and adequate inventory to avoid any supply disruption and ensure timely access to medicines for patients.

We appreciate your continued support and cooperation. Medicom remains committed to ensuring a smooth transition and upholding the interests of all our valued trade partners.

Warm regards,

**For Medicom International Eyetech Pvt Ltd**
